DISTRICT ATTORNEY TALKS TO JURY IN DYNAMITING CASE.

**Says Government Will Produce
Check Book Showing That Special
Fund Was Kept to Pay for Such
Work—Cites Explosion Case at
Clinton—First Witness to be Cal-
led Monday.**

Indianapolis, Ind., Oct. 4.—Ex-tracts from a little green check-book in which the executive board of the International Association of Bridge and Structural Iron Workers is charged with having kept an account of money paid out for dynamiting jobs, were read at the trial of the defendants, in the "dynamiting cases" today.

District Attorney Charles W. Miller, told the jury that the executive board met regularly and appropriated money for the expense of explosives. The money, he asserted, was paid by checks signed by President Frank M. Ryan. One of the stubs read "expended for organization purposes \$233 at Clinton, Iowa."

It would be shown, Mr. Miller said, that Ortie McManigal was paid that sum for an explosion at Clinton and that "the whole system of explosions throughout the country was carried on with the approval and support of the officials and

Mr. Miller promised to show "that the finances of the iron workers' union was juggled so that the funds were used for buying explosives," and that the constitutional provision for publishing the accounts in the union magazine was suspended so that no outsider might learn what

When McManigal hesitated about blowing up jobs in Peoria, according to Mr. Miller, Edward Smythe, business agent there wrote:

"I have friends on the police force here. In fact I control the police."

The first witness probably will be heard Monday.

CHARGED WITH MURDER OF WIFE

Geo. Crumley Arrested at Attica,
Ind., After His Wife Was Found
Dead in Their Home There.

Danville, Ill., Oct. 4.—George

Crumley was this evening arrested at Attica, Ind., charged with the murder of his wife, whose bruised and bloody body was discovered in their home there this morning. The alarm was given by Crumley this

forenoon who told a story that was afterward contradicted by neighbors. He claimed that he went home last night at 10:00 o'clock and, finding the house locked, went to the Wa-

bash railroad right-of-way and slept the balance of the night in the weeds returning home today about 10 a. m. to find the backdoor open and his wife's body on the floor of her room.

A man later informed the officers that he saw Crumley and his wife quarreling on the street last evening about 8 o'clock and saw Crumley strike her. Neighbors stated that they saw Crumley in his home last

SITUATION IMPROVED.
Paris, Oct. 4.—The growing optimism in regard to the Balkan situation is not shared by the Temps, which says editorially that Turkey is

not disposed to grant Macedonian reforms which will be satisfactory to the Balkan coalition. It finds an unfavorable factor in the war sentiment at Sofia and Constantinople.

DEFEATS "DIXIE KID."

CIRCUS PLEASED TWO GREAT AUDIENCES

Wallace & Hagenbeck Shows Equalled Expectations—Gave Excellent Performances—Thousands Witnessed Splendid Street Parade.

The Hagenbeck & Wallace shows arrived in Jacksonville over the Alton Friday morning from Carrollton and in good time the tents were pitched on the Thruway between the West Lafayette avenue. The street parade was made just before noon and thousands of people were on the streets to witness the splendid pageant. There was a vast audience present in the afternoon and another at night and two very high class performances were given. The Hagenbeck & Wallace shows equalled expectations here in Jacksonville and the thousands present were delighted with the menagerie and with the circus proper.

About the only criticism one could make is that so much is offered at one time that the onlooker gets weary in an effort not to miss any of the good things presented. In the menageries there was a large and interesting exhibit of wild animals and birds and in the circus proper many trained animals added largely to the interest of the performances. The educated pigs attracted as much notice as any other feature and the children went wild as they watched the pigs going through all sorts of tricks and antics. The clowns furnished an immense amount of amusement. There were twenty or thirty of them and it was noticeable that none of the stunts which often annoy and embarrass patrons were used. The acrobats, the riders, the acrobats, the wire walkers, the tumblers, the singers and dancers, the lion tamer, the splendid horses, all had a part in making the program a success and the audiences were equally well entertained and the promises of the management were fully lived up to.

When a circus reaches the magnitude of the Hagenbeck-Wallace combined shows it would be inexpedient and certainly unpopular to try to make it any larger. With its three rings and two stages, its continuous performances of comedy on the hippodrome track and the bewildering and astonishing acts of the trained wild beasts in the caged ring, surely this circus is pre-eminent. However, it is generally understood that Mr. Wallace has assembled this year the greatest circus program that he ever had, and as his show has long been heralded and acknowledged as the "highest class circus in the world," it is certainly supremely great in class when it is considered even superior to any yet offered by him.

With the famous trained animals perfected by Carl Hagenbeck added to the circus proper, it is evident that the public Friday had a chance to see a really great aggregation. The shows were conveyed from Jacksonville to Beardsdown over the Burlington.

ISSUE FORMAL ORDER.

Final Decree in C. P. & St. L. Two Cent Rate Case.

Springfield, Oct. 4.—The final decree in the injunction proceedings instituted by John T. Ramsey and H. M. Merriam, receivers of the Chicago, Peoria & St. Louis railway to prevent the attorney general and eleven state's attorneys from enforcing the provisions of the two-cent rate law, was entered in the United States district court yesterday. The restraining order was formally issued in conformity with the decision of the court announced recently.

Whether or not Attorney General Stead is to appear in the United States supreme court, depends on the action taken by that tribunal in cases now before it for adjudication. In addition to Stead the restraining order is directed against the following state's attorneys in counties through which the tracks of the Chicago, Peoria & St. Louis railway pass: Edmund Burke, Sangamon; A. T. Lucas, Cass; Walter L. Chapman, Jersey; James H. Murphy, Macoupin; E. P. Nischwitz, Mason; Pullan H. Hall, Menard; Robert Tilton, Morgan; J. H. Gilliam, Madison; J. T. Tecklenberg, St. Clair; William J. Reardon, Tazewell; Robert Scholes, Peoria.

THREATENS TO SACRIFICE EUROPEANS.
Amoy, China, Oct. 4.—Threats to sacrifice European lives at Foo Chow have been uttered by Gen. Chung unless his demands for about \$315,000 from the authorities are acceded to.

The mutinous troops with General Fung number from 10,000 to 20,000 men. A force of 5,000 government troops is marching from Nanking to meet the rebels.

The missionaries have been called from the Hing Hwa district to the north of this city, where serious disorder has existed for some time.

REMARKABLE ESCAPE.

Washington, Oct. 4.—Falling in an aeroplane from a height of more than 2,200 feet and escaping with only a few scratches was the remarkable experience of William Kabitske, a professional aviator for the Wright company, at the army aviation school at College Park, Md., today. Kabitske was attempting to complete a two hour engine endurance test and had flown 34 minutes when the engine suddenly stopped and the machine started a rapid descent. The aeroplane was demolished.

APPOINT TWO MORE UMPIRES.
Cincinnati, O., Oct. 4.—The National Baseball commission today appointed two additional umpires for the inter-city games to be played between the National and American league baseball teams at Chicago this month. Wm. J. Brennan of the National league and Wm. Dineen of the American league will be the other umpires.

Catching Humming Birds.
Just catch a few! We were weeks in catching even one. For more than a year, at odd moments, we tried. Many methods were used—insect nets, birdlime, a spray of water, open windows with flowers inside and, finally, a trap. At last! Could it really be? I hardly dared trust my senses. Yes, it was a humming bird squeak that came from the little bag, and the boy asked if I was the lady who would pay a dollar for a humming bird. It must be! How had he caught it? Under his cap! How strange! And had it a ruby throat? He wasn't sure. Well, we could find that out.

Doors were closed and locked and screens carefully placed in every window. Then the wonderful bag was cautiously opened. Way down in the bottom crouched the dear, funny little bird, with his bright eyes looking us straight in the face and his long bill pointing at a sharp angle from the wee body. Just a baby one. Would he die of fright? He did not attempt to fly out, so we tore open the side of the bag to where he sat, but he did not move. Then, placing my finger gently under his toes and lifting slowly I beheld the Jewel upon my hand—Katherine E. Doherty at Atlantic Monthly.

Equal to the Occasion.

Marshal Suvaroff, when receiving a dispatch from the hands of a Russian sergeant who had greatly distinguished himself on the Danube, attempted to confuse the messenger by a series of whimsical questions, but found him fully equal to the occasion. "How many fish are there in the sea?" asked Suvaroff. "All that are not caught yet," was the answer. "How far is it to the moon?" "Two of your excellency's forced marches," "What would you do if you saw your men giving way in battle?" "I would tell them that there was plenty of whiskey behind the enemy's line." Baffled at all points, the marshal ended with "What is the difference between your colonel and myself?" "My colonel cannot make me a lieutenant, but your excellency has only to say the word." "I say it now," answered Suvaroff, "and a right good officer you will be."

Reserves and Veterans in Chicago Are Rapidly Enlisting.

Chicago, Oct. 4.—Mobilization of former Greek reserves and veterans is going on in earnest on the West Side and a Greek military association at West Polk street and Blue Island avenue, which normally has 300 members, has increased its membership to 1,300 in the last two days. Guns, ammunition and uniforms are in readiness for those who will sail in the next few days for Greece.

The secretary of the Chicago consulate reports that hundreds of Americans have applied for enlistment papers at the various headquarters, but their services have been courteously refused because of the demand for trained soldiers.

MAJORS CLOSE TO DAY.

Two Championship Teams Are in the Pink of Physical Condition for World's Series.

New York, Oct. 4.—The closing of the major league season in the east tomorrow will find the two championship teams in the pink of physical condition for the world series with the exception of two minor injuries which have placed some of the Boston enthusiasts on the anxious seat.

Fear that Captain Doyle of the Giants might not be able to play at his best, because of an ankle which was slightly spiked yesterday, is groundless. Doyle played throughout to day's game in usual form. All the other men in the Giants' camp are ready for the fray. The possibility of either Gardner or Carrigan of Boston being kept out of the early games has had a slight effect in betting odds here, evening up the wagers where Boston had been a slight favorite, but New York enthusiasts expect to see both men in the opener, though perhaps not all of their injuries will be mended.

MAKE FINAL ARRANGEMENTS.
Milwaukee, Wis., Oct. 4.—Final arrangements were made tonight for the running tomorrow over the Watousa automobile road course of the \$10,000 Grand Prix race. Twelve widely known race drivers will line up for the start of the 410 mile race at 10 o'clock tomorrow morning. The race is not expected to be finished before 3 o'clock in the afternoon.

CITY DANCE HALL.

Cleveland, O., Oct. 4.—The city's municipal dancing pavilion the first three-cent dance hall in the country, will close its first season tomorrow night. The hall has earned \$3,000 above all expenses for the city, in the three months of its existence.

Saluting a Ghost.

A famous Scotch dean used to tell a ghost story the clew to which is in the question, "Weed, Maister Ghilist, is this a general rising or are ye just taking a dauntler frae yer grave by yer self?"

The Modern Way.

"I wish to marry your daughter," said the young man. The old man was a sensible old man.

"Can I support you in the style to which you have been accustomed?" he asked—Exchange.

The Specter.

Sir William Crookes, the eminent scientist and chemist, has to give himself for not discovering the spectro scope. "I had often observed," he said, "that there were different lines exhibited in the spectra of different metals ignited in the vacuum arc, and if I had had any reasonable amount of wit, I ought to have seen the converse—viz. that by ignition different bodies show in their spectral lines the materials of which they are composed."

Repertee.

Upon Fenelon, telling Richelieu that he had seen the portrait of his eminence at the palace the cardinal sneeringly asked, "Did you ask it for a subscription for some poor friend of yours?"

Despair and Despondency

No one but a woman can tell the story of the suffering, the despair, and the despondency endured by women who carry a daily burden of ill-health and pain because of disorders and derangements of the delicate and important organs that are distinctly feminine. **A TRIBUTE TO
MRS. GATES STRAWN.**

At a meeting of the Rev. James Caldwell chapter of the Daughters of the American Revolution, the following resolutions were adopted:

We, the members of the Rev. James Caldwell Chapter D. A. R. offer this tribute to a much loved member, Mrs. Almyra Trabue Strawn, who has passed from our circle, and who served the chapter with marked ability and fidelity as Regent.

We wish to express our high estimation and appreciation of her genuine interest in the welfare of the society, of her unfailing courtesy and gracious manner; and to record the sense of our great loss.

The calling of Mrs. Strawn marks the placing of the thirteenth memorial wreath, since she, with the other twelve charter members, united to organize the chapter.

Whereas, it has pleased Our Heavenly Father, in his infinite wisdom, to remove her from our midst; and whereas, in her death, the members of this chapter feel most deeply their loss.

Be it Resolved, That the Rev. James Caldwell Chapter D. A. R. tender this tribute, with their sincere sympathy to the bereaved family; and be it further resolved that a copy of the tribute be sent to the family, to the press of the city, and be spread upon the records of the chapter.

themselves out of the Republican party and say they are no longer in it—though they are in when they can stay in it. As witness what has been done in California where they have shut other members of the family off the election ticket and captured it themselves—wherever it is concerned on their side, they are willing to stay in the family. But even where they are out of family they show that they are doing the same kind of thinking that they always have done. The third party does not propose to alter the protective tariff except where the beneficiaries of the protective tariff refuse to divide with the people.

An enthusiastic welcome was given the governor at Plymouth. The Black Horse troop of Culver Military Academy escorted the nominee through the town.

Refers to Steel Corporation.
"When I was told that I was to speak at Gary, Ind.," said the governor, "I said I thought the United States Steel corporation was all for the 'Bull Moose' and I was told that that didn't make any difference, that the men employed by the United States Steel corporation were free Americans, twenty-one years of age, and they knew how to take care of themselves."

Now I am not one of those who believe that the men now in control of American industry are men who are consciously, enemies of the United States are bent in anyway upon the destruction of liberty, because I know that they hold a theory of American industry that I cannot hold. You know that the American Steel corporation is gaining in its supremacy in the American market, only with regard to the cruder manufactures of iron and steel, but that wherever, as in the field of more advanced manufactures of iron and steel, their proportion of the product is not increasing, but is decreasing, and that their competitors, where they have a foothold, are more efficient than they are, and all that I propose and all that any Democratic policy proposes, is to see to it that the most efficient man wins, and that no man wins by merely having control of the raw material and control of the market for the product.

Tariff Doesn't Mean High Wages.
"I believe that in this way you will stimulate the American Steel corporation. I believe that the way it is going now, it will go the natural course in all monopoly, it will go to seed, and great towns that it has built up will not find the prosperity that they have found, unless there is some stimulation of competition to keep these men up to the mark. Now I want to ask the people in Gary, if it is their observation that the employees of the United States Steel corporation are better paid than the average of the employees in the United States. The whole country knows that wherever it has business, they depress wages to the lowest level. Now, the American Steel corporation (I use it as an example because you know about it. I have no special brief against the United States Steel corporation. If you manufactured wool here I would talk to you about wool) is one of the chief beneficiaries of the tariff and you have been told ever since you can remember that the tariff meant high wages to you. I do not have to prove to this audience that is a piece of buncombe."

DR. KNIGHT FALLS DEAD.

Republican Candidate For Congress Expires While Making Speech at Lakeville.

Lakeville, Conn., Oct. 3.—Or. George H. Knight of Salisbury, Republican candidate for congress from the fifth district, fell dead on the stage at Robert's hall here tonight as he was about to address a political gathering.

Dr. Knight was presiding at the rally and had risen to introduce the chief speaker, Representative George B. Chandler. He had spoken hardly a dozen words when he collapsed and fell unconscious to the floor. Mr. Chandler and others sprang to his assistance and physicians were quickly at his side, but death followed shortly without a return of consciousness.

When Dr. Knight's death was announced, the crowd dispersed in silence.

HOLD UP MAIL TRAIN.

Three Masked Men Secure Large Quantity of Loot, Including Registered Mail.

Fort Smith, Ark., Oct. 4.—Three masked men held up and robbed northbound Kansas City Southern passenger train, No. 4, three miles northeast of Poteau, Okla., to night and after opening two safes in the express car with nitro-glycerin, escaped with a large quantity of loot, including registered mail.

The train was brought to a halt near Poteau by application of the brakes. Simultaneously two of the robbers made their appearance in the express and baggage car, forced the express messenger, baggageman and conductor behind a pile of trunks and applied the explosive to the safes while another bandit stood guard outside. When entrance was forced to the safes the men put the valuables into a sack and after intimidating the clerks in the mail car, added all the registered mail in sight to their loot. The escaped to the mountains. The passengers were not molested.

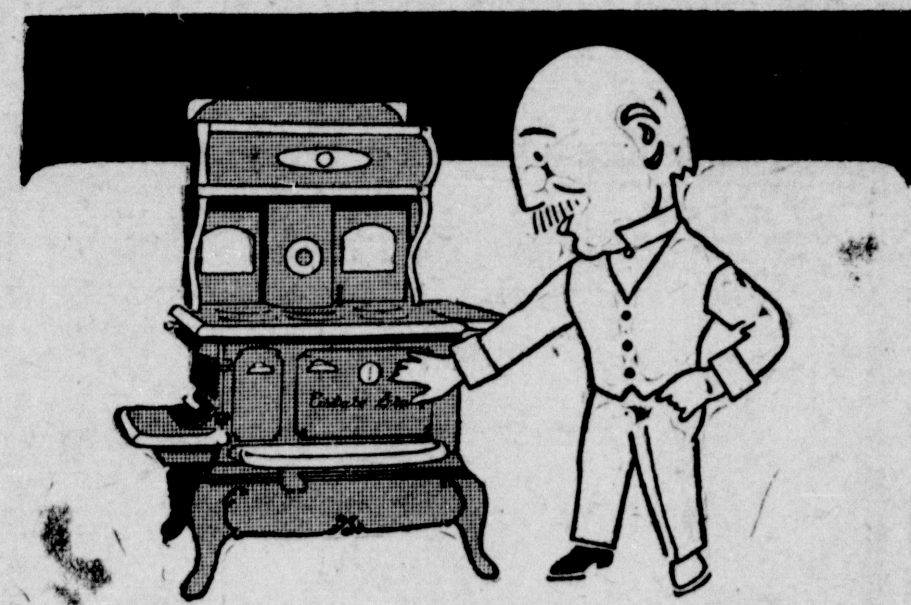

Loot Estimated at \$10,000.
Westville, Okla., Oct. 4.—The loot secured by bandits who held up the Kansas City Southern train is estimated at \$10,000. A bank at Heaven, Okla., is said to have had \$7,000 on the train.

William West, 12 years old, who resides near by, saw the men climb aboard. Two men went into the express and baggage cars. Young West saw the men who entered the express car brandish their revolvers, and called to passengers that robbers were aboard. His cries were disregarded.

Two miles further on, a man on the tender cut the air and brought the train to a stop. As he did so he leaped to the ground and the bandits inside the express car started to work.

L. H. Kerr, express messenger, and J. L. Williams, baggageman, both of Kansas City, at the point of revolvers were driven behind a pile of trunks and were forced to turn their backs while the bandits worked. There were two safes aboard, a local safe containing packages to be delivered along the route and another containing valuables for Kansas City and points beyond. Both were wrecked. The top of the local safe was blown through the roof of the car. During the explosion the mask of one robber was blown off. Kerr believes he can identify the man.

DENEEN'S RECORD ON PRIMARY

Facts Show He Has Been Consistent Despite Statements of Other Candidates.

Chicago, Oct. 4.—"Frank Funk has succeeded in eliminating himself from the gubernatorial contest by his own flights of fancy. He is no longer a serious factor," is the statement made to day by Vice Chairman D. DeF. Kinney of the Republican state committee.

"Frank stubbed his toe when he made his baseless and foolish allegations concerning the special train which is completing most successful campaign tour ever made by Republican candidates in Illinois. He made a most serious error in judgment when he took a subscription raised for a sick man by fellow employees as the basis for wicked charges that a slush fund has been procured from state employees for the Republican campaign fund. His latest slipup was to take personal issue with the Chicago Tribune, the leading Progressive organ of the west, in attempting to attack Gov. Deneen on his primary record.

"The Tribune, commenting editorially upon Mr. Funk's position, this morning, has put the finishing touches upon Funk's gubernatorial aspirations." The editorial follows:

"Mr. Frank Funk may not be able to grasp the essentials of the objection to his challenge of Governor Deneen's record in office, but they are easily stated and readily understood.

"The objection is simply a protest against unfair criticism of a man whose promises and pledges are in the statute books by a man whose only claim to recognition is based on the fact that as a member of the state senate his vote frequently might be relied upon by the men he attacks to carry into effect the policies he challenges.

"That is all. Mr. Funk is a late arrival in the field of progressivism. He came in at the eleventh hour. Until he was nominated by the Progressive state convention as candidate of the third party for governor, he had earned consideration only as a vote in the state senate, and as that only as he supported the policies of Gov. Deneen.

"His political history reveals nothing else that might commend him to voters who will judge a man's promises by what they know of his acts. Considering the history of the Illinois legislature it is something to say of a legislator that his vote was dependable when the governor's measures were up for action. But a man whose record was made in supporting administration measures can hardly challenge that administration without challenging his own record.

"Mr. Funk cannot rid his mind of the primary law issue, but he is able to overcome these facts:

"That Gov. Deneen was the only Republican of any responsibility or influence in Illinois who demanded a primary law when the state had none.

"That Gov. Deneen declared for a compulsory primary law when every politician in both major parties wanted nothing better than to continue stealing and grabbing delegates.

"That Gov. Deneen scrupulously adhered to every promise he made with regard to primary legislation, and that in his efforts to give the state a law which would hold together before the supreme court the progress was directly and surely towards such a law as the state now has.

"These are facts. Where is there an argument? Mr. Funk says Mr. Deneen betrayed the law for which he claims credit when he manipulated the legislature against Albert J. Hopkins, who had received the highest vote for United States senator under the primary act in 1908.

"Mr. Hopkins betrayed himself. Gov. Deneen endeavored to bring the Republicans of the legislature into caucus agreement which would make

it possible to elect a Republican speaker of the house, to carry out the pledges of the party platform, to enact progressive legislation and to send Mr. Hopkins back to the senate.

"Mr. Hopkins was chiefly responsible for the failure of this effort, for the election of Mr. Shurtleff by Democratic votes, and for his own defeat. What he thought was shrewdness proved to be political idocy and his own undoing. Mr. Hopkins made his own re-election impossible.

"There is now a vacancy where Mr. Hopkins once sat, and a sufficient knowledge of Mr. Hopkins' political ways makes the state thankful for the vacancy. The Tribune supported Mr. Hopkins' claims to his seat because he had been given the highest vote, but Mr. Hopkins' own acts made such support useless, made the efforts of Gov. Deneen to bring Republican legislators into line for Republican candidates, Republican measures resultless and the election of some man other than Mr. Hopkins inevitable.

"There is nothing in Mr. Funk's political acts which warrants him in challenging the sincerity of any man whose promises are now on the statute books as laws.

"If the governor, as the director of legislation was insincere and unworthy of office, what shall be said of the candidate whose only merit was that he voted for the measures thus advocated."

Mrs. T. A. Towne, 107 6th street, Watertown, S. D., writes: "My four children are subject to hard colds and I always use Foley's Honey and Tar Compound with splendid results. Some time ago I had a severe attack of la grippe and the doctor prescribed Foley's Honey and Tar Compound and it soon overcame the la grippe. I can always depend upon Foley's Honey and Tar Compound and am sure of good results." City Drug Store, J. A. Obermeyer.

MARSHALL CLOSED SERIES OF SPEECHES

Government Suggests That Some of the Candidates May be Suffering From Auto-Intoxication.

Harrisburg, Pa., Oct. 4.—Governor Marshall, Democratic vice presidential nominee, declared here to night, that although Theodore Roosevelt had been in the white house for seven and a half years, he had never done anything for the relief of the American people, and in the coming election he should be judged by the past, not by what he promised. Roosevelt was scored time and again by the governor, who spoke at length upon the economic system in this country and said that if people complained of bossism it was their own fault because they did not rise and depose them.

The candidate was greeted by a parade of Democratic clubs upon his arrival and escorted to the auditorium where Mayor J. K. Royal, president. Governor Marshall was accompanied by Mrs. Marshall and Cone Johnson of Texas. Mr. Johnson also addressed the meeting.

Governor Marshall said, in part: "There is a special of intoxication known as 'auto-intoxication' whereby the victim for the moment brings to the surface his hidden nature. Man to be judged correctly with reference to his usefulness in society is to be judged by his normal and not his abnormal thought and conduct. None of us doubts the truths of religion, but many of us doubt the declarations which are made during intense religious excitement. We do not doubt the statements and conduct of men when in office because their statements and conduct are governed by the usual and normal spirit which governs thought and action. But during a political campaign we have a right to compel the man's statements and actions upon the stump with his statements and actions while in office in order to determine not whether the man is honest, but whether he has not intoxicated himself with the excitement of a political campaign.

"In my judgment certain men now seeking the suffrage of the people as president of the United States and governor of the state of Indiana are the victims of self-intoxication. Both President Roosevelt and Ex-Senator Beveridge, during the long period of their holding of office in the United States were so closely allied with the vicious tendencies in the economic life of the people and were so active in defending the trust, despising the law and serving Perkins, Morgan and Harriman, that our people may well inquire what has come over the spirit of their dreams.

"When the campaign is over and self intoxication has passed away, will this better self disappear and will the old theories of thought and conduct which in the past years guided and controlled them again take possession of their official lives provided they are in office? May we not think and reasonably expect that the Perkins, Morgans and the Harrimans will sit close to the throne if these men be again given power?"

QUICK RELIEF FOR RHEUMATISM.

George W. Koons, Lawton, Mich., says: "Dr. DeLoon's Relief for Rheumatism has given my wife wonderful benefit for rheumatism. She could not lift hand or foot, had to be lifted for two months. NO MORE CONSTIPATION.

It's Me for Olive Tablets! That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing laxative.

No griping is the "keynote" of these little sugar-coated tablets.

They cause the bowels and liver to act normal. The never force them to unnatural action.

Dr. Edwards' Olive Tablets are so easy to take that children do not regard them as "medicine" at all.

If you have a "dark brown mouth" now and then—a bad breath—a dull, tired feeling—a sick headache—a torpid liver and constipated, you'll find quick, sure and only pleasant relief from one or two little Olive Tablets at bedtime. They're perfectly harmless.

Thousands take one every night just to keep right. Try them.

"Every little Olive Tablet has a movement all its own." 10 and 25c per box.

COMPARISON SHOWS LITTLE DIFFERENCE

INDICATE CLOSE CONTEST FOR
WORLD'S CHAMPIONSHIP.

Individual and Team Records in Fielding and Batting Show Little Choice Between Contenders for Championship.

New York, Oct. 4.—If the work of the baseball mathematicians has not been in vain the batting and fielding averages of the Giants and Red Sox indicate a closer contest for the world championship than the partisan supporters of either club are willing to concede.

Although the major league seasons have not quite come to their official close, a comparison of the total records for the two penultimate winning clubs, compiled from unofficial figures, is up to within a few games of the finish, as follows:

	New York	Boston
Fielding.....	3,555	3,622
Putouts.....	1,656	1,688
Assists.....	269	231
Errors.....	.951	.953
Batting.....		
At bat.....	4,478	4,466
Runs.....	756	694
Hits.....	1,254	1,236
Batting average.....	.280	.276
Long Hits.....		
Two-base.....	208	232
Three-base.....	89	72
Home Runs.....	44	25
Total bases.....	1,754	1,687
Sacrifice hits.....	109	166
Stolen bases.....	250	161

In almost every instance it is noticeable how slight the difference is between the clubs in either department of the game.

In fielding, especially in out-fielding, the superiority of the Boston club has been much vaunted by its followers.

Tris Speaker, the Boston center-fielder, although having a slightly lower fielding average than his two colleagues in the "outer garden," has the remarkable batting average of .387.

Murray of the New York outfield, has been batting a few points better than Hooper, while the fielding averages of the two men are identical, each practically leading the outfielders of their respective leagues with marks of .972.

Becker and Lewis have the same batting average, .270, and differ but a few points in fielding. The weak spot of the New York outfield would appear to be in Devore's average of .247 and batting of .243.

New York's hitting strength among infielders, however, is quite as pronounced, from the figures, as Boston's advantage in the outfield. Merkle, with a batting average of .307 has been hitting better than Stahl, but at the same time conceding to the Boston player a few points in fielding. Larry Doyle, at second, has been hitting better than Yerkes, but also concedes several points to the Boston man in fielding. At shortstop it is a toss-up between Wagner and Fletcher in both batting and fielding, but at third the comparison is all in the favor of Gardner for batting, with a record of .318 he pairs with Speaker for honors of the club; Herzog of New York has a better record on third base than Gardner by several points.

Between the catchers the batting honors lie with Meyers of New York, with about 80 points over Carrigan of Boston, and his fielding is also a few points ahead.

Experts agree from the figures as a whole, distilled from the record of practically every ball in play during the major league season, that there is little to choose, except the fact that the clubs are evenly matched to provide a world series of the highest order.

A man to man comparison by averages from which the foregoing totals were taken follows, the Giants being the players first mentioned in each case:

	G.	P.O.	A.	E.	Ave.	B.	H.	Ave.
Merkle, first base.....	115	1028	58	29	.973	410	71	.307
Stahl, first base.....	67	655	32	9	.987	280	30	.283
Doyle, second base.....	112	274	390	932	.485	95	165	.340
Yerkes, second base.....	109	279	20	953	.449	67	125	.278
Fletcher, shortstop.....	106	207	353	48	.921	359	55	.939

A Wear-U-Well Value

Combines quality with price every time. Do not be deluded by figures on the price ticket—if quality is not back of it, it's a snare. For instance, the shoe shown above is of such proven value that it takes the product of one big Wear-U-Well factory, making this shoe only, to supply the demand of our 400 distributing branches.

The price alone never could have created this enormous, steady and growing demand. It took the Wear-U-Well factory price with Wear-U-Well quality under it to do this.

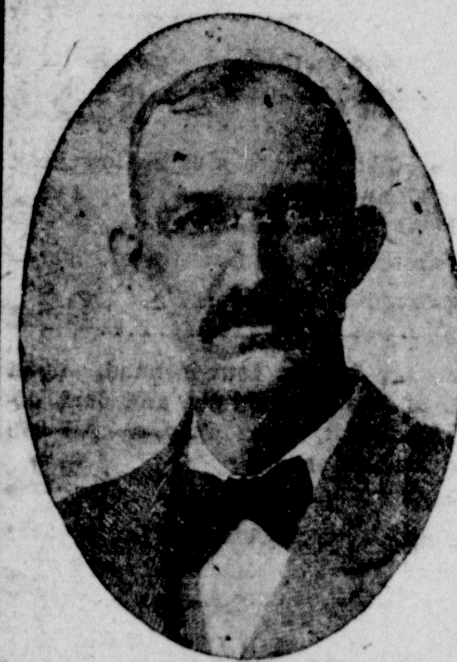

Add a Dollar Two Cents to the Wear-U-Well price—that gives you the middleman's price for equal quality. Then bring this amount to Wear-U-Well and get shoes as good in every respect and a dollar and two cents in change.

You always get a dollar and two cents more change out of the Wear-U-Well, and better style and service. Prices all the time, not once in awhile.

PAPE'S DIAPEPSIN REGULATES STOMACH

Time It! In Five Minutes the Gas, Sourness, Heartburn and Indigestion Misery Is Gone.

Do some foods you eat hit back—taste good, but work badly, ferment into stubborn lumps and cause a sick, sour, gassy stomach? Now, Mr. or Mrs. Dyspeptic, let this down: Pape's Diapepsin digests everything, leaving nothing to sour and upset you. There never was anything so safely quick, so certainly effective. No difference how badly your stomach is disordered you will get happy relief in five minutes, but what pleases you most is that it strengthens and regulates your stomach so you can eat your favorite foods without fear.

Most remedies give you relief sometimes—they are slow, but not sure. Diapepsin is quick, positive and puts your stomach in a healthy condition so the misery won't come back.

You feel different as soon as Diapepsin comes in contact with the stomach—distress just vanishes—your stomach gets sweet, on gases, no belching, no eructations, of undigested food, your head clears and you feel fine.

Go now, make the best investment you ever made by getting a large fifty-cent case of Pape's Diapepsin from any drug store. You realize in five minutes, how needless it is to suffer from indigestion, dyspepsia or any stomach disorder.

IDENTITY CASE STILL INTERESTS

Boston Trial Has Continued For Fifty Days—Complainant Seeks to Prove Himself Son of Daniel Russell, Deceased.

Boston, Oct. 4.—The trial of the Daniel Blake Russell identity case in East Cambridge has now passed its 50th day of actual proceedings, and the end is not yet in sight. This is the second trial of the famous case and is being conducted before a master appointed by the East Cambridge superior court. The first trial took place last winter in the Middlesex probate court and was one of the longest and most sensational of the kind in the history of American jurisprudence. Like the first trial, the present proceedings have been up to date enlivened with romantic features, surprises and sensations which would find difficulty of belief if appearing in the work of fiction.

The Russell case is probably the most notable identity case ever tried in an American court. It rivals and resembles in many respects the famous Tichborne case, which ran for 170 days before Chief Justice Cockburn in England some 30 years ago. In the first trial Judge Lawton decided against "Dakota Dan," who claims to be Daniel Blake Russell, son of the late Daniel Russell of Melrose, and who also claims his share of the \$500,000 estate now held by William C. Russell, another son of Daniel Russell. Apparently not in the least discouraged over the decision, the Dakota claimant went to work to have the case reopened and, though without funds or the help of counsel, he succeeded in securing another trial of his case.

Persons in daily attendance at the present hearing in the East Cambridge court have been much impressed by the story told by "Dakota Dan" and the evidence of the witnesses who have testified in his behalf. In his fight for recognition the claimant has told on the stand, in a simple way and with remarkable memory, of the events which took place in the home which he says he left in Melrose a quarter of a century ago. For a time he lived the life of a tramp, getting out of part of the country to another as best he might. He has worked with circuses and as a deck hand, shod horses in blacksmith shops and spent winters as a hand in lumber camps and mills, according to his story. The tale of his wanderings and the vicissitudes of his life since 1885 has taken him in retrospect from the docks of Liverpool, where he paid his passage in the steamer, to the woods of northern Michigan, and finally to the Bad Lands of North Dakota. There he settled down to some extent and for some time had been employed as a ranch manager. Finally a desire to return to his old home seized him and he arrived in Melrose something more than a year ago to find that the man whom he claims as his father had died and left an estate of \$500,000 and a will in which was the provision that the long missing son should share half of the fortune in the event of his return. The elder son, William C. Russell, in whose possession the estate was held, not only refused to surrender any portion of it but positively denied the claims of relationship set up by the man from Dakota.

To support his claim as Daniel Blake Russell a large number of witnesses, the respondents, William C. Russell, to identify the claimant as the son of Daniel B. Russell. Of these, some have known him for 40 and others for 25 years. They knew him intimately in many cases and were acquainted with the peculiarities and characteristics of his youth. One of the most important of the recent witnesses has been the former sweetheart of Daniel B. Russell, Miss Hattie M. Keith, who told out of her friendship with the long missing son of the late Daniel Russell. "With great positiveness Miss Keith declared that Daniel Blake Russell and "Dakota Dan," the claimant, are the same person.

To oppose the claim of "Dakota Dan" and the testimony of his witnesses, the respondents, William C. Russell and Ferdinand B. Amy, the latter of whom is said to have had the entire administration of the estate since the death of Daniel Russell, have declared that the claimant is an impostor and have undertaken to prove that he is not Daniel Blake Russell, but James Delbert Russell, who was born of poor parents in Bombay, N. Y., in 1865.

Not the least remarkable feature of the contest has been the part played by the man called "Fresno Dan," who appeared on the scene when the first trial of the case was near an end. "Fresno Dan" was taken into the home of William C. Russell and was publicly accepted as the long missing heir, though so far as known none of the older residents of Melrose was able to detect any resemblance between "Fresno Dan" and the missing Daniel Blake Russell.

NOVELIST 75 YEARS OLD.
London, Oct. 4.—Mrs. John Maxwell, so much better known to the readers of fiction as Miss Braddon, quietly celebrated her 75th birthday anniversary to day at her home in Richmond, one of the loveliest spots on the River Thames. The author of "Lady Audley's Secret" and more than a hundred other popular novels was born in London, Oct. 4, 1837. In early life she embarked upon a stage career. It was while she discovered that acting was not her forte, and wrote her first novel, "Three Times Dead." Before it was published the publisher, involved in difficulty, passed on the sheets to another man. This man considered the story "rubbish" and destroyed it, but lived long enough to regret his action, when Miss Braddon sprang to popularity and he found that he had foolishly destroyed her first effort, that might have been a gold mine for him.

Mrs. Anna Wilson, Mrs. Lester Hart, Mrs. Sawyer and daughters, Mrs. Jane Swain and daughters, Miss Elizabeth Mahon were all arrivals from Sinclair in the city yesterday.

TRADE REPORTS MORE FAVORABLE

MANY POINTS IN WEST SAY
TRADE IS EXCELLENT.

In no Section is Definite Complaint
of Deficiency Now Heard—Prices
in All Departments Are Firm.

New York, Oct. 4.—Bradstreet's tomorrow will say:
Trade reports are more uniformly favorable than at any previous time this year. From many points in the west reports are that trade is excellent. Jobbing distribution is still relatively the most active branch of trade and immediate fall demand is largely responsible for the full volume of sales and shipments reported.

The iron and steel lines a sellers market prevails, the mills are well supplied with orders and the outlook favors full operations up to next spring. Under such circumstances the mills are not inclined to do much on next year's account. Steel making irons are higher, finished steel tends upward, the situation as regards semi-finished steel is attracting notice and the limited supply available for prompt shipment is very apparent. Outputs of pig-iron are increasing, yet shipments are so heavy as to work for a decrease in stocks.

Drygoods, clothing, shoes, hardware and groceries make a large part of the volume of trade. Jewelry is active but some textile manufacturers have labor trouble and a new law putting a bar on full capacity.

Business failures in the United States for the week ending Oct. 1, were 268 against 238 last week, 201 in the like week in 1911, 192 in 1910, 203 in 1909 and 256 in 1908.

Dun's Review.
New York, Oct. 4.—R. G. Dun & Co.'s Weekly Review of Trade tomorrow will say:

In no section is definite complaint of deficiency in trade now heard, while in most sections there is pronounced buoyancy with the volume of business in excess of former years, an urgent demand for immediate delivery and a satisfactory demand for future delivery reaching well into next year.

Prices in all departments are firm, plates being at the highest point in two years and premiums are offered for immediate delivery of small lots. Another sharp advance is noted in pig-iron and Bessemer rules, at \$16.75 to \$17.00 valley. Merchant furnaces are reducing stocks and there is a strong demand for the last quarter of this year and the first quarter of 1913.

In drygoods, jobbers report a steadier and broader distribution, with an improvement noted in the demand for cottons, and business in woolsens and worsteds. Retail trade in cotton goods shows greater activity in various sections of the country and re-orders for fall goods are being sent in steadily.

Sales of print cloths at Fall River have run ahead of output and many southern mills have sold their production to the end of the year. A fair volume of spring business on high grade piece goods in report. Business in footwear continues to improve.

J. G. Criswell, a painter living at 540 North Mulberry street, Hagerstown, Md., states: "I had kidney trouble with a severe pain across my back and could hardly get up after sitting down. I took Foley Kidney Pills and soon found the pain left my back. I could get up and down with ease, and the bladder action was more regular and normal." Try them. City Drug Store, J. A. Obermeyer.

OBITUARY.

Mrs. John A. Ham died at her home, two and one-half miles west of Concord, Saturday evening, Sept. 28, 1912, at 12 o'clock p. m. She had been ill for three years but was taken to her bed eight weeks ago. She was a woman possessed of a beautiful character and sweet disposition and was loved by all who knew and came in contact with her. She was a patient sufferer and murmured not and was ready to go. She united with the Methodist church when but 12 years of age and has always lived a true christian life. Her maiden name was Johanna Christina Buxton and she was born in Cass county, Jan. 19, 1842. She was united in marriage to John A. Ham of near Concord, Sept. 24, 1865, and to this union were born nine children, three of whom preceded her in death. They are Mrs. Anna C. Upchurch, Mrs. Nettie G. Upchurch and Sarah C. who died an infant. Besides her husband she is survived by the following children: Mrs. Lewis L. Coultas, Rigston, Ill.; Mrs. Elmer Ham, Chapin, Ill.; Roy C. Ham, Lima Springs, Ia.; Bennie W. Ham, Humphrey, Ark. and William R. and Ralph M. at home. She also leaves to mourn her loss seven grandchildren—Pearl and Dwight Ham, Joy and Irl Upchurch, Amy Coultas, Howard Ham and Warren Ham. Also two sisters, Mrs. James Brown of Concord and Mrs. Andrew Long of Mt. Sterling, and one brother, Peter Buxton.

Funeral services were held at the home Tuesday at 1 o'clock in charge of Rev. Housman. Music was furnished by the M. E. choir. It was her request that the text be taken from the following, the 23rd Psalm, and the following songs be sung: "When the Roll is Called up Yonder," "Blessed Assurance." The beautiful flowers were cared for by her grandchildren, Pearl and Dwight Ham and Joy and Irl Upchurch. She was laid to rest in Concord cemetery. The bearers were Messrs. George Morris, William Dering, George Wooff, George Nergenhah, John Shumaker, August Brockhouse.

FOR AUTUMN DAYS.

Something Perfectly New

COAT WITH SIMULATED FUR TRIMMING.

A real novelty in knitted garments has sprung up this season.

It is a beautifully fashioned sweater coat in one of the soft dark greens or browns with a collar and cuffs of white of white shetland wool imitating fur.

VICTORIAN COIFFURES.

In Paris They Are Wearing Curis of the Second Empire.

We must be Victorian with our head as well as our feet. Over in Paris they are wearing ringlets—"les anglaises" they call them, though the curl of former days was as popular with the subjects of Empress Eugenie as with those of Queen Vic.

The ringlet today is more easily achieved than in the sixties. It is bought and pinned in. Those for day are not so long as those worn in the evening, so have two sets of curls.

One of the coiffures to be worn with a hat has a short single ring, quite full and thick, back of each ear and a third at the back under a chignon that comes low on the neck in the form of puffs or an oval arrangement of plaits. For evening a coquettish arrangement is to wear a bunch of three or four ringlets back of the left ear, the longest reaching to the shoulder. The front hair is parted and loosely brushed back and rolled in a thick, loose knot at the back of the head.

There are some types of women to whom these ringlets are most becoming. On the wrong woman they look exaggerated and rather ridiculous.

A Little Lacking.

A woman, a strong believer in suffrage, spoke a few days ago of the necessity of educating the educated woman. She told of a charming young woman, a scholar and a lady, who was teacher of English in one of the fashionable finishing schools. This young woman, Miss X., was conservative by instinct and birth and took no interest in any of the new movements. Last year she chaperoned a party of girls abroad, and in London, as is the habit of girls, they expressed a desire to visit Miss X. Tussaud's wax-works. There the girls were interested in a group of interesting looking women who stood as if talking. Underneath the group were the names Miss X. Despard, Mrs. Pankhurst, Mrs. Pethick Lawrence. The girls turned to Miss X. and asked who those women were. Miss X. looked puzzled, but finally said:

"You know, girls, I'm not quite sure about them, but I think they robbed a bank."

Hints to the Wise.

Keep a few pieces of camphor gum in your linen closet. It will aid in keeping the linen white.

If fish is wrapped well in oiled paper it will not impart a flavor or odor to the other foodstuffs in the refrigerator.

To revive and help potted plants that are drooping place a teaspoonful of ammonia in three quarts of water and water the plants thoroughly with this mixture.

To clean plaster busts dip them into cold liquid starch. When dry the starch is brushed off and the dirt comes off with it, leaving the busts as clean and white as when new.

A solution of chloride of lime and water, a tablespoonful of the lime to two gallons of water, is an excellent medium for removing the most stubborn stains. Soak the stained garment for hours in the solution, and in time the offending spots will disappear, and this without injury to the fabric.

For Greaseless Gravy.

A housekeeper who experiments naturally, tried dashing cold water into the roasting pan one day when she made her gravy. To her delight the fat rose and hardened quickly into a flake which was easily removed, after which the gravy was brought to a boil and thickened.

ACCIDENTS AND OTHERWISE

\$200,000 Fire Loss at Kankakee.—Fire which originated in the new Remington opera house destroyed many business houses in the downtown district causing a loss of \$200,000. Mrs. Remington is the heaviest loser, her loss being \$60,000. The performance was over when the building took fire.

Loses Entire Roll While Visiting Beloit.—Matthew Trask, of Shirland who recently disposed of all his personal property and had accumulated a fortune of \$900 which he intended to use in getting a start in the state of Oregon, where he intended to move in an effort to secure restoration of health, lost the roll of bills today on a visit to Beloit.

Burned in Freak Explosion.—Frank Hornberger, an employee of the Baumgarten Electric company of Freeport, was quite badly burned Tuesday afternoon while at work placing a boulevard lamp stand at the corner of Liberty and Stephenson streets. The posts are bolted through the cement walks and molten lead is used to set them firm. In some manner moisture, probably caused by dew, had entered the bolt hole and when the metal was poured into it an explosion resulted. The hot metal was thrown into the air, much of it

striking Mr. Hornberger about the head.

A Suicide Pact.—As the result of what is believed to be a suicide pact Joseph Kelley, an employee of the Illinois Central railroad at Centralia, is dying at St. Mary's hospital from a gunshot wound, and Miss Bessie Davis, his sweetheart, is cold in death.

Declare War on Colds.

A crusade of education which aims "that common colds may become uncommon within the next generation" has been begun by prominent New York physicians. Here is a list of the "don'ts" which the doctors say will prevent the annual visitation of the cold:

"Don't sit in a draughty car."
"Don't sleep in hot rooms."
"Don't avoid the fresh air."
"Don't stuff yourself at meal time. Overeating reduces your resistance."
"To which we would add—when you take a cold get rid of it as quickly as possible. To accomplish that you will find Chamberlain's Cough Remedy most excellent. Sold by all dealers.

GENERAL MARKET NEWS

WHEAT SHOWS SUBSTANTIAL CLOSE

Reports of Severe Fighting in Balkans Brings Upward Tendency—Final Quotations Were at Topmost Point.

Chicago, Oct. 4.—Severe fighting reported in the Balkans brought about to day a substantial advance in the wheat market. There was a strong finish with prices 1 1/2 net higher. In corn the outcome varied from 1/4 decline to 3/4 advance, oats gained 3/4 to 1/2 @ 3/4 and provisions wound up more expensive by 10 to 35c.

Wheat bulls took only brief notice of early re-assurances from Liverpool that the Turkish situation looked more promising for peace. Almost immediately an upward tendency began, and no material setback occurred the rest of the day. Final quotations were at the topmost point reached.

In addition to the war news that had most to do with making the wheat market bulge, bears suffered from the smallness of the increase of the stocks northwest, the rate of gain being about a 1/4 as fast as a year ago. Wheat (winter) receipts, too, were falling off. Good export business was reported, both from the Atlantic seaboard and by way of the Gulf. December ranged from 90c to 92c, with final sales at the last named figures a rise of 1 1/2 net.

Increasing reports that frost damage had been severe in some quarters gave independent strength to corn, except for the current month's delivery. The wheat advance also helped. December sold from 52 1/2 to 53 1/2, closing firm 1/2 up at 53 1/2.

Cash grades were easy. No. 2 yellow was quoted at 68 @ 69c. Oats showed a disposition to climb owing to receipts being small and because of the upturn in other cereals. Outside limits touched for December were 32c and 32 1/2c, with the close 1/2 @ 3/4 dearer, at 32 1/2c.

Broad trade developed in provisions, outsiders taking decided interest on the buying side. The incentive appeared to come from foreign advices and higher prices for hogs. In the end, pork was up 17c to 35c; lard, 10 to 20c, and ribs, 12 1/2 to 15 @ 17 1/2c.

NEW YORK STOCK MARKET.
New York, Oct. 4.—Europe was again the foremost factor in to day's stock market. Latest developments in the Balkans precipitated heavy selling of our securities at leading foreign centers, much of which had to be taken here.

Foreign selling did not materialize extensively until after the close of the European exchanges. London's closing quotations for our stocks were highly encouraging with gains of a point or more in Atchison, Canadian Pacific and St. Paul. These were all duplicated here, the first hour's business being on an extensive scale, but local selling for profits and the short accounts soon arrested the rise. Later when the offerings from abroad were sent in, the entire market began to sag, and before the closing nothing was left of the early rise except in a few instances.

The closing was active and heavy, with fitful rallies from the low level. Money conditions were favorable to the market. Not only did call and money rates relax, but our bankers cancelled a large part of the gold engaged in London during the week. This was accepted as proof of improvement in the monetary situation.

According to forecasts, the clearing house banks are expected to break even on the week's cash movement, with the loan account in doubt, as usual. Additional shipments of currency to New Orleans were announced, making the total more than \$1,500,000 for the week.

STATE NEWS.

Aged Couple Marry.—John Skillan and Mrs. Margaret Riekey, both of Canton recently went to Bloomington and were married.

Cheap Coal.—Along the Big Four tracks near Mt. Carmel eleven cars of coal were ditched and farmers about there are being invited to haul the coal away at a dollar a load. Three days before fifteen cars of coal went into the ditch at the same place.

Sisters Wed.—Miss Ina Anderson of Gridley and Robert Hall of Knapp; Miss Ona Anderson and Ora Vandergraft, both of Hudson were married the same hour by Justice Hendryx of Bloomington.

Corn Carnival.—Milton, Pike county, is conducting a very successful corn carnival.

Odd Fellows Busy.—The Odd Fellows of Pittsfield are getting ready to boom things in their place with banquet, speeches, love feast and the like.

To Wear Corduroy.—The management of Knox college has announced that the seniors will be required to wear corduroy though it is supposed they refer only to the gentlemen members of the class. The order has aroused much speculation and curiosity.

Evelyn Starts Mandamus.—Evelyn Arthur See who has been tried in Chicago on serious charges has instituted suit in the supreme court to compel Judge Lockwood Honore to sign a bill of exceptions admitting that he was absent from the court room during important parts of the trial before him.

Plan Trade Exposition.—Merchants of East St. Louis are planning to have a big trade exposition in the near future.

Refused to Bare Ankle.—Mrs. Christine Schruenger of East St. Louis sued the City Water company for injuries received to her ankle by tripping on the cover of a meter box in a wrong position. The prosecuting attorney asked her to show the jury the injury and she refused the judge sustaining her. She received a verdict of \$1,000.

Intoxicated Cow.—A Virginia farmer noticed his cow acting most unaccountably strangely and feared something was wrong with her but finally discovered she had eaten a quantity of ensilage that had fermented and produced good alcohol making her decidedly drunk.

To Enlarge Factory.—The Silo factory of Bloomington is preparing to increase the capacity of the works four fold to meet the increasing demand for sales.

Aged Banker Dead.—David F. Barclay, ten years mayor of Elgin and president of the First National bank of that place is dead.

Large Grape Crop.—The largest grape crop on record has been harvested at Nauvoo, with about 200 car loads sent to market, which sold for two cents a pound. It is estimated that the crop will bring a return to the growers of about

\$50,000 this season. The definite returns are not yet in.

Foreign Missions.—The thirty-fifth annual convention of the Woman's Home and Foreign Missionary society of the Synod of Northern Illinois opened at the English Lutheran church at Freeport. The sessions were held in the newly decorated auditorium, which was comfortably filled at both sessions.

Huge Enterprise.—Dixon has been selected for the location of an enormous steam electric generating plant, to cost a huge sum of money and to be big enough to carry the load of every one of the thirty electric plants now owned by the Northern Illinois Utilities company.

Measured the Corn.—Here are a few figures that were handed us by a farmer: July 8 at 1 o'clock he commenced to measure the growth of a stalk of corn and took measurements at given hours for a week. He found that from July 8 at 1 o'clock until July 15 at the same hour that the corn had made a growth of thirty-seven inches, or an average of a little over five and a half inches a day. For the first thirty hours of the time the corn's growth was eight and a half inches. The longest growth for a day was six inches and the shortest growth was four and three-quarters inches. During the time the measurements were taken the weather was hot. As a consequence the growth was rapid and even.—Milford Herald.

Flock to Observe Church's Birthday.—At Fairview next week will be celebrated the seventy-fifth anniversary of the organization of the Reformed church of Fairview, and elaborate arrangements are being made by the pastor and people to fittingly observe the event.

Short Happiness.—Amanda Patton Baker, of Bloomington, 67, asked a divorce from George Baker, 70, a wealthy land owner, alleging their wedded bliss lasted only five months.

Yates Phalanx to Meet.—The call has been issued for the annual reunion of the 39th Illinois volunteer infantry, better known as the Yates Phalanx. The gathering this year will be held at Clinton on October 10.

Ministers to Advertise.—The ministers of Aurora have decided upon a campaign of newspaper advertising. They will buy space every Saturday in the local newspapers and at such other times as it may be deemed advisable in order to attract the attention to special religious exercises.

Need More Postal Cars.—The Alton management will probably be compelled to purchase several postal cars in order to conform to the specifications of the government for substantial construction. The government wants steel cars or wood and steel combined, and all others will be condemned after January 1. The newer cars of the Alton comply with the government's plans, but the older cars will hardly answer. It is likely that those which can not be rebuilt or strengthened to conform to the postoffice department's plans will be converted into baggage

cars and new cars ordered from the car builders.

Three Old Timers Gone.—Three prominent residents of Elgin and vicinity have died within twenty-four hours. They are Edward A. "Dad" Dolph, John H. DeLancey and Miss Emma L. Silver.

A. B. Nicholson Dead.—Hon. Aaron B. Nicholson, ex-senator, ex-sheriff and retired farmer and financier, died at the Deaconess hospital, shortly before 3 o'clock Thursday, October 3, 1912, of infirmities of old age, aged 85 years, 9 months and 7 days. His death removes one of the most familiar figures of Logan county, and one of the pioneers who did much for the advancement of the community, in its early days.

To Inspect State Corps.—Mrs. T. M. Kauffmann, deputy inspector for the state of Illinois for the ladies of the G. A. R., has gone to Chicago to begin inspection work of the various lodges. There are about twenty different lodges in that city and after these are inspected she will travel over the entire state visiting every city where the branch lodges are located and make the annual inspection. This work will require practically all of the next three months. After her trip Mrs. Kauffmann will prepare a report to be given at the next state meeting which will be held next summer.

Granted Patent by German Government.—John Miller, 11 Prospect Terrace, Freeport, has been granted a patent on a portable woodworking apparatus to be used in the construction of houses, by the German government. He has sold his rights to a resident of that country through Bruno Reichelt, a patent attorney having offices at Newark, N. J. He is said to have received quite a sum out of his invention, which is the work of several years.

Large Crop.—Iowa farmers claim an output this year of \$900,000,000 in farm products. This is probably a little optimistic, but not so badly overdrawn after all. That contribution to the wealth of one state and the nation would buy the product of all the gold mines of the globe for several years.

Ladies' Aid Election.—The fifteenth annual election of officers of the Ladies' Aid society of the M. E. church of Bluffs was held Wednesday afternoon, the following being chosen: president, Mrs. Henry Bruno; vice-president, Mrs. M. Moore; secretary, Mrs. Geo. Arnold; assistant secretary, Mrs. John Coults; treasurer, Mrs. Frank Gould.

4,050 Students at Illinois.—An increase of seventy-one students, which is 1.75 per cent, is reported by the registrar of the University of Illinois. There are 4,050 students in Urbana and Champaign, of whom 889 are women. The enrollment of the various colleges is: Engineering, 1,152; literature and arts, 861; agriculture, 800; science, 62; music, 76; law, 118; library science, 33; graduate school, 218; summer sessions, 640.

Asks Court for Jail Sentence.—Judge I want six months in the

county jail." This was the astonishing request that a man arraigned in the municipal court made yesterday of the acting police magistrate, Justice McCulloch of Joliet. The judge was so dazed with the request that he was for the instant unable to speak, and it takes something to drive the words from his ready tongue. Then the man explained. "You see, I was there last winter and fired the boilers. I have been looking them over this week and everything is fixed up so nicely that I want the job again." And so the judge put him in the direct line for promotion.

Men Need Money.—It looks like the Wabash employees were about as hard up as the railroad itself as this month there were 17 garnishees run in J. E. Korty's court at Bluffs. If that keeps up the employees will have to have a receiver appointed to pull them out of the hole. This high cost of living is certainly fierce, and most of these garnishees were for unpaid board bills.

Football Team to Get New Suits.—The board of education of Alton after hearing a plea from Paul Scott a member of the Alton high school football team, for an appropriation to buy football suits, gave the team \$75 to purchase sweaters and padded trousers for 15 players.

Well Deserved.—We received a card from Rev. Alden J. Green, who is at Gibson City, Ill., stating he would be home Thursday evening and would fill his pulpit Sunday. He will no doubt come back rested and refreshed, and will buckle into the new church problem with a vim that will make things move. Mr. Green certainly deserves a church here, and when it is erected it can be truthfully said that only was it made possible by his work and devotion to his charge. Were there many more of like Green's in the country the world would be better.

Damage by Earthquake.—An earthquake did \$1,000 damage on the Edward C. Richards farm, three miles south of Hillsboro. The Richards home is on a small knoll and the cracks extended all over the mound, some of them being 200 yards long. At the house the cracks run east and west, while at the tenant house at the foot of the hill, 300 yards away, the fissures are north and south. No other quakes are reported from the neighborhood but the miners at Taylor Springs mine report that a big squeeze began there and has closed up the entrance.

Mrs. Peter Holan. 11501 Buckeye Road, Cleveland, O., says: "Yes, indeed I can recommend Foley's Honey and Tar Compound. My little boy had a bad case of whooping cough. I gave him Foley's Honey and Tar Compound, and it had a remarkable effect and cured him in a short time." Contains no harmful drugs. City Drug Store, J. A. Oberbeyer.

MATRIMONIAL RECORD

Cox-Beckman.
A genuine surprise was perpetrated Thursday in Chicago as mentioned in the Journal yesterday when Miss Nellie Beckman, daughter of Mr. and Mrs. Geo. S. Beckman of Pisgah precinct and Iven Wood Cox, son of the well known farmer and stock man, A. W. Cox of the vicinity of Orleans were married.

The young bride went to Chicago ostensibly to visit her uncle and mother's brother, C. A. Wilson in the great city, and while there met the young man of her choice and they were married at the home of Mr. Wilson by Rev. Mr. Shevington, pastor of the Belden avenue Baptist church at 7:30 Thursday evening. The ring ceremony was used and the ceremony was beautiful in every way.

The bride wore white veil trimmed with Irish lace and baby Irish lace and looked very winning. She is the only daughter of Geo. S. Beckman the sweet and popular singer and leader and has a host of friends for no family in the county is more widely known. She was at one time a student at the Woman's college in this place and has many accomplishments.

The groom is a steady young man and is connected also with one of the best families in the best families in the county. They expect to return home Sunday and occupy a farm two and a half miles southeast of Orleans and will be at home to their friends after November first and will begin life with the sincere good wishes of a great many friends.

McClay-Smith.
Albert L. McClay, son of the late A. L. McClay of Hillview, and Miss Helen Smith of Griggsville were married Wednesday afternoon by Rev. W. R. Johnson of Whitehall. PLUME AND SUIT STOLEN.

Miss Edna McLaine of Aronville was the victim of a theft last Saturday afternoon when a suit and willow plume were stolen from the back of the rig in which she had driven to the city. The thief must have taken the goods between four and five o'clock Saturday afternoon and made a complete getaway. The suit is described as a brown serge coat and skirt, medium weight, coat rather short in length and plainly made, panel back and front, pleats at side and around bottom. The plume was a black willow plume, twenty inches in length by eighteen inches wide. The suit and the plume were contained in one of Herman's boxes. A reward of \$5 will be paid anyone giving information as to the stolen goods or as to the identity of the thief.

J. H. Cain & Sons of the Brooklyn Mill, who recently suffered the loss of their large saw barn by fire, expect to rebuild. Philip Heneghan of Quincy was in the city Friday in conference with the firm and it is expected that work will commence as soon as plans can be made. The new building will be 80 by 100 feet in size. The firm has not, as yet, decided just where the new building will be located. Perhaps on the old site, but more probably near some railroad.

The Style That Is Your Style

If every style suited every woman, well dressed women wouldn't be as rare as they really are. The tastefully gowned woman is so because she has selected the particular style that suits her age, build, complexion and carriage. She has not selected a style simply because it looked well in a picture or on somebody else. But you can't do any selecting unless you have a variety from which to select. Therefore the first step is to go to a store that offers a wide and a carefully chosen variety. The store that sells

RE-HEARING DENIED IN WATER COMPANY

Earlier Decision of Supreme Court in Quo Warranto Case is to Stand.

Another step in the matter of the litigation against the Jacksonville Water Works company has been taken. When the company received its articles of incorporation it neglected to file them for record in the circuit court within the statutory two years as provided by law and as a result State's Attorney Robert Tilton brought suit against Clarence W. Mackey and others in what is known as quo warranto, by what right, the company was doing business as a corporation and asking that it be debarred from so doing. This was tried in the circuit court in this county and a decision was rendered in favor of the Water Works company but an appeal was taken to the supreme court and the action of the lower tribunal was reversed.

Attorneys for the Jacksonville Water Works company filed a petition for a rehearing which was denied by the supreme court. The next step will probably be to bring suit to declare the company incapable of doing business as a corporation.

It has been suggested by some that those who held stock will be treated now as individual partners and each and all be held liable and have certain rights. On the other hand it is claimed that when a person makes a debt for a corporation not in existence he is personally liable for that obligation.

D. C. SMITH FOUND DYING IN BARN

Expires Shortly After Being Taken From Thomas Scott's Barn to Police Station--Inquest Will Be Held Today.

Friday night about 8:15 o'clock, D. C. Smith of 615 North Fayette street was found in a dying condition in Thomas Scott's barn at the northwest corner of Broadway and Jordan alleys, and died shortly after being taken to the police station a few minutes later.

Mr. Smith had been suffering from inflammatory rheumatism for about six years and for the past four days had not been feeling well. He left home about 8 o'clock Friday morning and told his wife that he was going to town to pay the rent and also to pay a man who had been assisting him in grubbing out a hedge on the farm of William R. Routt, just south of the city. About 11:30 o'clock yesterday morning he went to the Illinois cafe, which is managed by his son, Frank Smith, and talked with his son a while, but said that as he was suffering from a headache, he did not think he was feeling well enough to assist in the kitchen, and he left the hotel. As he did not get home to dinner this was the last time the son saw him alive.

Mr. Scott, who conducts the Ivory barn, said that Mr. Smith appeared at his place about 3 o'clock Friday afternoon and saying that he was not feeling well, was going into the office and lie down a while. Mr. Scott thought no more of the man being there until shortly after 8 o'clock, when he went into the office and saw Mr. Smith laying on the floor. He made an effort to arouse the man and upon finding that he could not, notified Desk Sergeant Owens at the police station, who in turn notified Captain Trahey. On the way to the barn Captain Trahey met Frank Sullivan, who accompanied him, and when they saw the man they thought him dead, but an examination showed that his heart was still beating, but the action was weak.

With the aid of "Pie" Meadows, they carried Mr. Smith to the police station, where Drs. Carl E. Black and T. O. Hardesty were called. Dr. Black was the first to arrive and after an examination he pronounced the man dead. The members of the family were notified by James Woods, chief of the fire department, and Frank Sullivan.

Coroner G. V. Skinner was then called and the body was removed to the Reynolds undertaking establishment, where an inquest will be held this evening at 6 o'clock.

D. C. Smith, a son of George and May Smith, was born in West Virginia, June 15, 1858, and was married to Emma Pitters in West Virginia thirty-one years ago. He moved with his family to Missouri and from that place to Bushnell, Ill., where he resided for twelve years and then came to this city four years ago. The deceased was engaged in contracting for fence building and timber work and just before his death had been grubbing out a hedge on the farm of William R. Routt, just south of the city. The members of his family said that he had not been in the habit of leaving at Mr. Scott's barn, but that the man who had been working for him went there quite often, and supposed that Mr. Smith had gone there to pay him, when he took sick. As he had been suffering from rheumatism for the past few years, it is thought that the disease affected his heart and finally caused his death.

The deceased is survived by his wife and the following children: Frank Smith, who is manager of the Illinois cafe in this city; Clayton Smith, of Moberly, Mo.; Arthur Smith, a brakeman on the Burlington, residing at Beardstown; Louzo, Wilbur and Marian Smith at home; Mrs. Florine Mills of Valley City; Mrs. Blanche Wells of Peoria; Mrs. Fannie Wells of this city and Miss Lucille Smith at home. One sister, Miss Alta Smith of Fancy Gap, West Virginia, also survives.
